SUMMARY

Flutter & Android Developer / Team Lead with 4+ years of experience delivering end-to-end digital solutions, including **mobile app development, backend API development, database design, server deployment, and production release**. Skilled in **Flutter, Dart, Kotlin, Java, Firebase, REST APIs, Node.js, PHP, MySQL, MongoDB, third-party integrations, app architecture planning, client communication, testing, and post-release support**.

EXPERIENCE

Dunitech Soft Solutions Pvt Ltd Lucknow, India
Android & Flutter Developer Dec 2022 - Present

Experienced in Flutter, Kotlin, Java, PHP, and Node.js for developing cross-platform and native mobile applications with strong backend integration.

- Led complete project lifecycle including **client communication, requirements, planning, UI/UX, Agile workflow, testing, deployment, and delivery**.
- Built scalable **mobile, web, and backend solutions** with **Flutter, Android, React.js, PHP, Node.js, REST APIs, databases, secure APIs, and optimized deployment**.

Technosys Services Pvt Ltd Lucknow, India
Android Developer Apr 2022 - Dec 2022

Expertise in Java and Kotlin for developing high-performance Android applications.

- Built Android apps with **smooth UI/UX, secure auth, API integration, and real-time tracking** for **e-commerce, government, and tracking domains**.
- Optimized apps through **debugging, clean code, performance improvements, accessibility, and better UX**.

EDUCATION

Maharishi University of Information Technology, Lucknow, India Jul 2022 - May 2025
Bachelor of Technology (B.Tech) in Computer Science Engineering (CSE) GPA: 8.5

- **Relevant Coursework:** Data Structures, DBMS, Operating Systems, Computer Networks, Software Engineering

Feroze Gandhi Polytechnic - BTEUP, Raebareli, India Jul 2019 - Jun 2021
Diploma in Engineering in Computer Science & Engineering (CSE) GPA: 8.2

- **Relevant Coursework:** Communication Skills, Data Structures, DBMS, Computer Networks, Web Development, Operating Systems

PROJECTS

[Lift It Humanity – NGO Management Platform](#) Jun 2025 - 2026

- Built and deployed a **complete donation management ecosystem** from scratch, including a **user website, PHP backend APIs, MySQL database, Flutter apps** for agents and customers, and a centralized admin panel to manage donations, users, records, and operations.

[FarmingCare – Agriculture E-commerce & LMS Platform](#) May 2026 - Present

- Developed and deployed a **React.js-based e-commerce and LMS platform** for selling farming books and online courses, including the complete user website, course access flow, cart, orders, enrollments, downloads, and user dashboard, along with a dedicated **admin panel** to manage products, courses, users, orders, payments, content, and overall platform operations.

Sanatan Vision – Spiritual & Wellness Digital Platform

Oct 2025 - Dec 2025

- Contributed to a large-scale **Flutter-based spiritual and wellness platform**, working on live streaming, webinars, paid audio/video consultations, **LiveKit calling**, payment integration, media engagement, and backend API integration.

Senzara Life Care – Customer, Marketing & Field Operations Platform

Apr 2024 - Present

- Led and developed **Senzara Life Care – Multi-App Farming Operations Platform**, covering customer, marketing, and field in-charge apps to manage product purchases, multi-crop farming investments, produce sales, field activities, progress reporting, and real-time coordination, from initial planning and feature strategy to final delivery.

Sky Social Network – Mining-Based Social Platform

Mar 2026 - Present

- Led the complete **crypto social mining project** from concept to market launch, managing the development team and backend developer while driving product planning, UI/UX direction, Flutter app development, API coordination, deployment, and the project's **React.js web presence for branding and launch**.

Ram Ram Bank – Spiritual Japa & Chanting App

Jan 2024 - Apr 2024

- Led the development of **Ram Ram Bank**, a devotional chanting app where users can chant **Ram Nam** through typing, tapping, and finger-writing gestures, with secure digital records, weekly/monthly rewards, and a beautiful spiritual UI.

PROJECTS FROM VARIOUS DOMAINS

Additional Project Experience:

Delivered 40+ projects across diverse domains, including **Real Estate, Order & Production Management, Crypto, Crypto & Blockchain, Budget Management, Investment & Finance, Task Management, Finance & Payments, Tracking & Security, E-Commerce, E-Commerce & Delivery, Productivity & Utility, Feedback & Ratings, Gaming, Fashion & Lifestyle, Dating & Social Networking, B2B & Business Solutions, Sanskrit Shloka & Vedic Learning, and Bio Products E-Commerce**.
