SUMMARY

Full-Stack Mobile Developer & Team Lead with 4+ years of experience building scalable mobile apps, web platforms, admin panels, and backend systems using **Flutter, Dart, Kotlin, Java, React.js, PHP, Node.js, MySQL, and MongoDB**. Experienced in leading cross-platform teams, managing complete project lifecycles, and delivering production-ready solutions across **Web3, e-commerce, LMS, agriculture, NGO, social networking, finance, and enterprise domains**.

EXPERIENCE

Dunitech Soft Solutions Pvt Ltd Lucknow, India
Android & Flutter Developer Dec 2022 - Present
*Experienced in **Flutter, Kotlin, Java, PHP, and Node.js** for developing cross-platform and native mobile applications with strong backend integration.*

- **Led mobile development and complete project lifecycles**, from client communication, requirement analysis, and planning to market-ready delivery with strong focus on UI/UX, Agile workflow, and client satisfaction.
- **Developed scalable mobile, web, and backend solutions** using Flutter, Android, React.js, PHP Core, Node.js, REST APIs, database design, API flow planning, secure backend integration, and optimized deployment architecture.

Technosys Services Pvt Ltd Lucknow, India
Android Developer Apr 2022 - Dec 2022
*Expertise in **Java and Kotlin** for developing high-performance Android applications.*

- **Designed and developed user-centric Android applications** with seamless UI/UX, secure authentication, API integration, and real-time tracking features across e-commerce, government, and tracking domains.
- **Optimized app performance and scalability** through debugging, clean implementation, accessibility-focused design, and intuitive mobile experiences for different business use cases.

EDUCATION

Maharishi University of Information Technology, Lucknow, India Jul 2022 - May 2025
Bachelor of Technology (B.Tech) in Computer Science Engineering (CSE) GPA: 8.2

Feroze Gandhi Polytechnic, Raebareli, India Jul 2019 - Jun 2021
Diploma in Engineering in Computer Science & Engineering (CSE) GPA: 8.2

PROJECTS

Lift It Humanity – NGO Management Platform, India Jun 2025 - Present

- **Led the complete project lifecycle** from client meetings, requirement gathering, scope planning, documentation, and continuous client coordination to final delivery.
- **Designed the database schema, developed secure Node.js APIs, and built two Flutter mobile apps with a React admin panel**, ensuring seamless backend integration, scalability, and usability.

FarmingCare – Agriculture E-commerce & LMS Platform May 2026 - Present

- Developed a **React.js-based agriculture platform** combining **book e-commerce and a full LMS** for free/paid farming courses, including product listings, cart, orders, course lessons, enrollments, progress tracking, downloads, and user dashboard.
- Created a separate **React admin panel** and designed the **MySQL database structure** for products, courses, users, orders, payments, lessons, blogs, reviews, and complete platform content management.

Sky Social Network – Mining-Based Social Platform

Mar 2026 - Present

- Developed a **Flutter-based social mining app** with SKY token mining, reward tracking, referrals, wallet earnings, Prime membership benefits, and secure mobile navigation.
- Created a **React.js landing website** for app introduction, feature showcase, FAQs, branding, download flow, and user onboarding support.

Senzara : Marketing

Apr 2024 - Present

- Separate app for the marketing team, allowing them to **manage product promotions, track customer engagement**, and oversee **sales activities**, ensuring seamless coordination between the **field** and the **market**.

Sanatan Vision – Spiritual & Wellness Digital Platform

Oct 2025 - Dec 2025

- Worked on a **Flutter-based spiritual and wellness platform** with **live video streaming, webinar hosting, podcast/on-demand videos, and paid audio/video consultation** features.
- Implemented **real-time webinar, ticket-based access, secure payment integration, LiveKit-based calling, media streaming, likes/comments, and backend API integration** for a scalable live engagement ecosystem.

Senzara : Field InCharge

Apr 2024 - Present

- Dedicated app was developed for field in-charges, enabling them to manage on-ground operations, implement **project activities**, and **update progress through images and videos, ensuring real-time tracking** and **efficient field-level execution**.

IMT-Network

Oct 2023 - Jan 2024

- Developed a **decentralized crypto wallet app** enabling users to **securely store, manage, and transact cryptocurrencies** with full control over their private keys.

Ram Ram Bank

Jan 2024 - Apr 2024

- Developed **Ram Ram Bank**, a devotional app where users can **Japa Ram Nam** by typing, tapping, or gestures, with top users rewarded based on their mala count.

Socio

Apr 2024 - May 2024

- Developed a Pi Network-style app where users mine Socio Coin by tapping every 24 hours, earning streak and referral rewards, with a fully integrated **Web3 wallet(Like MetaMask & Trust Wallet)** built using blockchain libraries.

Regent Wallet

Dec 2022 - Apr 2023

- Developed a **crypto MLM staking platform** with **secure staking, reward distribution, referral tracking, real-time updates, and optimized UI/UX**, ensuring seamless authentication and Play Store updates.

VaultVerse

Apr 2023 - Oct 2023

- Developed a **Flutter-based decentralized wallet** like MetaMask, enabling **12-word seed phrase address generation** and **multi-chain (BSC, ETH) transactions** for storing, buying, selling, and swapping crypto.

Senzara : Multi-Crop Farming

Apr 2024 - Present

- Developed a **Flutter-based farming platform** for **product purchases, multi-crop investment, and produce sales**, with separate apps for **marketing teams** and **farm in-charges** to manage operations.

PROJECTS FROM VARIOUS DOMAINS

Other Projects (40+ Projects from Various Domains, Some Listed Below):

- **LittleLuck** (*Real Estate*)
- **Agarwal Enterprises** (Order & Production Management System)
- **Harvest Sui** (*Crypto*)
- **Khata Darpan** (*Budget Management*)
- **Fin Rise** (*Investment & Finance*)
- **SAM** (*Task Management*)
- **Everest Properties** (*Real Estate*)
- **BDT Coin** (*Crypto & Blockchain*)
- **UTG Token** (*Crypto & Blockchain*)
- **Lucky Pe** (*Finance & Payments*)
- **Sainik Security** (*Tracking & Security*)
- **Grocery Delivery Partner** (*E-Commerce & Delivery*)
- **PDF Generator** (*Productivity & Utility*)
- **Customer Review App** (*Feedback & Ratings*)
- **Grocery E-Comm** (*E-Commerce*)
- **Game Rock Paper Scissors** (*Gaming*)
- **Meta Globe** (*Crypto & Blockchain*)
- **Infinity Fashion** (*Fashion & Lifestyle*)
- **Match Mingler** (*Dating & Social Networking*)
- **Bizzlane** (*B2B & Business Solutions*)
- **IGT Global** (*Crypto & Blockchain*)
- **Jaiswal Worlds** (*E-Commerce*)
- **Investment App** (*Finance & Investments*)
- **Vachas** (*Sanskrit Shloka & Vedic Learning*)
- **Urogreeen** (*Bio Products E-Commerce*)

SKILLS

Mobile App Development: Android Development (Java/Kotlin), Flutter (Dart) for Cross-Platform Development, Android SDK & Jetpack Components, MVVM, MVP, RESTful APIs & SOAP APIs Integration, Local Storage (Room Database, Shared Preferences, SQLite), Push Notifications (FCM, OneSignal), Web Socket

Backend Development: Node.js & Express.js

UI/UX Development: Material Design & Custom UI Components, Adaptive & Responsive Layouts, Animations & Motion Design (Lottie, Custom Animations)

App Security & Performance: Secure Authentication (OAuth, Biometric), Data Encryption & Secure Storage, Multithreading & Coroutines for Asynchronous Tasks

Third-Party Integrations & Tools: Google Maps & Location Services (GPS, Tracking Apps), Payment Gateway Integration, Social Media Login & SDKs (Google, Facebook, Twitter), Firebase (Authentication, Firestore, Cloud Messaging, Crashlytics)

Database: MySQL, MongoDB, Database Schema Design

Software Development & Deployment: Version Control (Git, GitHub), Play Store App Deployment & ASO (App Store Optimization), Agile

AI Proficiency: Prompt Engineering, ChatGPT, OpenAI API, Claude, Copilot, Gemini
